MODEL PERFORMANCE TESTING

JEWEL CUSTOMER:

The screenshot shows the Salesforce Setup interface for the 'Jewel Customer' object. The left sidebar contains a list of configuration options: Details, Fields & Relationships, Page Layouts, Lightning Record Pages, Buttons, Links, and Actions, Compact Layouts, Field Sets, Object Limits, Object Types, Record Types, Related Lookup Filters, Search Layouts, List View Button Layout, Restriction Rules, Scoping Rules, Object Access, and Triggers. The main content area is titled 'Jewel Customer' and includes a 'Details' section with the following fields: Description, API Name (Jewel_Customer__c), Custom (checked), Singular Label (Jewel Customer), Plural Label (Jewel Customers), Enable Reports (checked), Track Activities (checked), Track Field History, Deployment Status (Deployed), and Help Settings (Standard salesforce.com Help Window). The 'Edit' and 'Delete' buttons are visible in the top right corner.

ITEM:

The screenshot shows the Salesforce Setup interface for the 'Item' object. The left sidebar contains a list of configuration options: Details, Fields & Relationships, Page Layouts, Lightning Record Pages, Buttons, Links, and Actions, Compact Layouts, Field Sets, Object Limits, Object Types, Record Types, Related Lookup Filters, Search Layouts, List View Button Layout, Restriction Rules, Scoping Rules, Object Access, and Triggers. The main content area is titled 'Item' and includes a 'Details' section with the following fields: Description, API Name (Item__c), Custom (checked), Singular Label (Item), Plural Label (Items), Enable Reports (checked), Track Activities (checked), Track Field History, Deployment Status (Deployed), and Help Settings (Standard salesforce.com Help Window). The 'Edit' and 'Delete' buttons are visible in the top right corner.
